### **TIG WELDER**

**TOMCAT** is seeking a **TIG WELDER**, for our Production Department with 1-3 years of experience.

#### **Additional Responsibilities to include:**

- Study and interpret blueprints
- Set-up, fit, and position parts using jigs, fixtures, and clamps
- Perform specialized TIG welding procedures on alloys; aluminum and/or steel, often in small detailed areas
- Develop, select, and maintain consistent welding techniques and processes to ensure maximum weld strength and uniformity
- Demonstrate thorough knowledge of welding equipment features and the effect of parameter changes
- Maintain or exceed production standards through organization and planning
- Monitor preventive maintenance on welding equipment
- Capable of working with a minimum of supervision
- Follow and comply with safety rules, regulation, and work instructions
- Accurately complete all required documentation
- Meet attendance policy requirements
- Work well with others in a team environment

**TOMCAT** offers a competitive benefits package including medical, dental, vision, life, matching 401k and a stock purchase plan.

Please email, fax or mail your resume to:
